

L1-Q1. (E) Reverse Number

j

CODE

```
import java.util.Scanner;
class main{
    public static void main(String args[]){
        Scanner s= new Scanner(System.in);
        int n,d,r=0;
        n=s.nextInt();
        while(n>0){
            d=n%10;
            r=r*10+d;
            n=n/10;
            System.out.println(r);
        }
    }
}
```

OUTPUT

```
1
11
111
1112
11121
```

L1-Q2. (E) Rectangle

j

CODE

```
import java.util.Scanner;
class main{
    public static void main(String args[]){
        Scanner s=new Scanner(System.in);
        int m,n;
        m=s.nextInt();
        n=s.nextInt();
        for(int i=1;i<=m;i++){
            for(int j=1;j<=n;j++){
                System.out.print("*");
            }
            System.out.print("\n");
        }
    }
}
```

OUTPUT

```
*****
*****
*****
*****
```

Report

L1-Q3. (E) Sort Strings

j

CODE

```
import java.util.Scanner;
class main{
    public static void main(String args[]){
        Scanner sc=new Scanner(System.in);
        int n=sc.nextInt();
        sc.nextLine();
